“As Christians, my wife, Sally, and I believe the sanctity of life is critically important. That’s why she chose to be a doctor, working to save lives as a surgeon at St. Vincent’s and Shelby Baptist Hospitals.

I’m very concerned that our government has lost its way with socialist programs forcing us to pay for public abortions. This is wrong. As a Republican candidate for the Alabama Senate in District 15, one reason I decided to enter this race is to combat liberal policies that undermine our conservative values the values and principles that made this country great. Life is precious. Let’s protect it. Vote for me on June 1.”

Sincerely,
Slade
